

# We're pleased to welcome visitors back to Siuslaw National Forest campgrounds.

For your safety, and the safety of other visitors and our staff, please review these guidelines before heading to your campsite:

- Please follow [State of Oregon guidelines](#) by maintaining physical distance of at least six (6) feet per person except among members of the same household or campsite.
- Each campsite or group site has a designated maximum number of people allowed. Campers must adhere to these limits.
- To adhere to State of Oregon gathering size limits, groups of people congregating in the same area together, including outdoors, should not exceed 10 members of the same household or party.
- Restrooms that are open are generally cleaned and disinfected at least once daily at the more popular campgrounds and day use sites, and once to three times a week at other sites.
- A good portion of your safety relies on you, since any public facility is only as clean as the last person who used it. For your own safety, please bring your own soap, sanitizer, and disinfectant.
- Shower facilities at Driftwood II and Horsfall Campgrounds are closed until further notice.
- We encourage visitors to wear facial coverings when interacting with other visitors, volunteer campground hosts, and Forest Service staff.
- Please try and provide adequate physical distancing while using trails, parking lots, and restrooms. Avoid congregating in large groups of people.
- Be prepared to find services at other sites you might visit, including restrooms and trash collection, limited or unavailable. Please protect and respect your public lands and [pack out your waste](#) and trash.
- We will continue to monitor and evaluate safety conditions at our recreation sites and dispersed areas and will modify our plans as needed. The ability to maintain sites and provide services depends on workforce capacity and availability of personal protective equipment.

For more information, call our offices at:

Siuslaw National Forest Supervisor's Office: 541-750-7000

Hebo Ranger District: 503-392-5100
